DRAFT AGENDA (January, 11, 2017)

- I. Teams will participate in an ICS analysis of completed steps and what resonated and concerns from staff, community, and families; and problem solve around those concerns.
- II. Teams will bring updated equity audit data reflecting any changes in data in either direction.
- III. Individualized team support will be provided to assist in determining next steps for each of the Four Cornerstones of ICS.
- IV. Teams will learn more in depth about
 - A. Proactively educating students with behavioral challenges
 - B. Proactively educating students with significant disabilities
 - C. Proactively educating students who are linguistically diverse.
 - D. Proactively educating students who are advanced learners in the core of teaching and learning.
- V. Teams will participate in more in depth understanding if co-planning and co-serving structures and instructional practices.
- VI. Teams will review and leave with updated next steps and long range plans in support of ICS.
